Experience

Franco Risi is a lawyer, graduated from Universidad de la República. He develops his activities mainly in the Corporate Department.

His practice includes advising companies in the area of maritime law, fisheries, transportation, logistics, port operators and port terminals, including naval infrastructure companies such as dredging.

Participates in advising companies on tasks related to the vessel registration and flag, leasing documents, cargo transportation, tugboats and maritime activities in the Continental Shelf and in the Exclusive Economic Zone.

Work highlights

- Advised Lavinia Corporation Laskaridis Shipping and its affiliated companies in Uruguay in the provisional flagging process of the Tanker “Sealion”, which was introduced in the country to provide Fuel-Oil transportation services to the pulp mills installed in the country, serving ANCAP (2016).
- Actively participates in advising Consortium Boskalis-Dredging International in the works related to dredging activities and maintenance in Martín García Channel. Both in its bidding and contractual execution stages, since its inception (2017).
- He is part of the legal advisory team of Ocean Network Express Uruguay S.A. (ONE), one of the largest container shipping lines in the world, since its installation in Uruguay (2018).
- Member of the team that advised NOWACO in the acquisition of 50% of the CIUPSA group in Uruguay, actively participating in all issues related to fishing regulations applicable to Uruguayan companies, as well as navigation permits and fishing licenses, including procedures and formalities before the National Directorate of Aquatic Resources -DINARA (2022).
- He is part of the legal advisory team of the private multipurpose port terminal Ontur International S.A., located in Nueva Palmira, Colonia - Uruguay, and of the port operators specialized in the handling of cellulose, Rio Estiba S.A. and Suatilco S.A.

Conferences

He has regularly participated in conferences of the Uruguayan Association of Maritime Law (AUDM) related to his specialty, among others.
