Experience

She is responsible for the knowledge management strategic planning of the Firm, together with the KM team, and the monitoring of the effectiveness of the KM programs by observing its usage and evaluating its impact in the organization.

She is in charge of supporting and facilitating knowledge and information sharing, including documentation of key activities and learning points and supporting the creation of knowledge products accordingly in order to facilitate replication of good practices and learning. She manages the KM databases and processes of the Firm that allow the capture, storage, validation and retrieval of knowledge.

Her Department promotes KM practices to new and existing team members to improve the sharing and value of knowledge, making them part of its own culture.
