Experience

Lucía Techera, lawyer, concentrates her activities in the Litigation Department.

She has participated in the written works and as an expositor in the International Conference on Constitutional Law and Human Rights held in Porto Alegre, Córdoba and Santiago de Chile, in 2013, 2015 and 2016 having been ranked first more than once both in the verbal and the written areas.

Moreover, she has collaborated in the preparation of students that will compete in the Constitutional Law and Human Rights International Seminars to be held in Uruguay, jointly with Professor Martín Risso Ferrand.

She has co-authored jointly with Professor Risso Ferrand a research on case law regarding non-medical Constitutional rights violation claims in the Judicial Branch during 2018.

She is currently pursuing her Master's Degree in Economic Administrative Law at the University of Montevideo.

Work highlights

At the professional level, she has been part of the Guyer & Regules team that has rendered advice on the following projects:

ACCIONA CONSTRUCCION S.A,
in the tender convened by the Ministry of Transport and Public Works for the construction of the Central Railway.

ALDESA CONSTRUCCIONES S.A
in several tenders for the construction of educational centers, roadway centers and power infrastructure of UTE.

COMPAÑÍA SALUS S.A
in the administrative proceedings and subsequent court proceedings for constitutional rights violation claim in order to protect the hydric resource located in Minas, Lavalleja, from which the company extracts its products, obtaining a favorable judgment providing for the suspension of mining permits
