

# PLC WHICH LAWYER 2007

Yearbook 2007 - 12th Edition

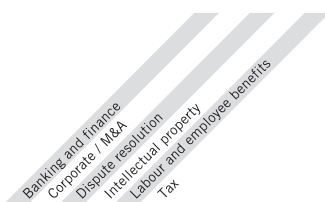

This 12th edition covers the legal market in even more jurisdictions than the previous editions in the interest of providing practical information and market intelligence to anyone doing business outside their own jurisdiction. We have also expanded our coverage of practice areas in many jurisdictions as those legal markets become increasingly sophisticated. Our law firm and lawyer recommendations are based on independent research conducted throughout the year.
